

Heiko Bruhn joins GenSearch as MD and opens their Swiss office

Paris, 25th September 2017 - GenSearch, a European Life Science search specialist is pleased to announce the appointment of Heiko Bruhn as Managing Director in their new Swiss office in Basel.

Heiko brings over two decades of experience in the Life Science industry with a strong focus on the Biotech and Pharma industries.

"I am extremely pleased to be joining GenSearch, such a young, energetic and dynamic executive search company. I am looking forward to contributing to their accomplishments with my previous experience in successful business development especially in Switzerland, across Europe and the US" said Bruhn.

Heiko joins GenSearch from a German-based Life Science boutique firm, where he was Managing Director. In addition to successfully establishing the Swiss branch he advised Life Science companies on the appointment of senior executives in Europe.

"Heiko's deep knowledge and understanding of the European Life Science industry, as well as his expertise in executive search, will greatly benefit our firm and client base. With his energy and team spirit he will fit right in with the team!" said Sébastien Stoitzner, CEO GenSearch.

Heiko Bruhn is an Attorney at Law. He graduated from the University of Freiburg/ Breisgau with a specialisation in Labour and Social Security Law. He joined Roche in Germany as a Human Resources Manager in 1992. In 1994, he moved to Basel, Switzerland, to take on a wide range of roles within the group's international Human Resources department. Heiko's many years of experience supporting international fields such as commercial, clinical development, medical affairs means he has strong contacts within the Pharmaceutical and Biotech sectors. In his last position at Roche, he was Deputy Head of Human Resources Switzerland. Heiko is a qualified systemic coach.

About GenSearch

GenSearch is an International Executive Search and HR services consultancy dedicated to the Life Sciences. Our focus covers the Pharmaceutical, Medical Devices and Biotechnology industries. We work with clients who are in different stages of their business lifecycle from small Biotechnology companies just starting out to large multinational healthcare companies. We work closely with all of our clients to add value and performance to their business. Our goal is to also help executives build a successful career in line with their aspirations and the market reality using our extensive sector knowledge. www.gensearch-consulting.com
